- Emails Custom Letter to New Hire
- Tracks Forms Submissions
- Escalates Late Submittals
- Creates Skyward ID & Employee Information

FILEBOUND CONNECT FOR SKYWARD

"FileBound's solutions create efficiencies and take the paper shuffle out of the equation. Their document and automation solution quickly delivers documentation and records specific to the student in question without leaving the Skyward interface. Fulfilling student record requests, processing student services, and providing documentation to the necessary parties is no longer a laborious effort."

— Kevin McFerrin, Chief Business Development for Skyward, Inc.

Your school district already has the right resources in place. FileBound, The Priton Group and Skyward allow you to take better advantage of them. Let us help you focus on what really matters – Students.

FileBound, The Priton Group and Skyward are teamed up and prepared to provide Wisconsin school districts with a robust document management and workflow automation engine that seamlessly integrates with Skyward Student and Business suites.

See how we help school districts avoid mountains of paperwork and process bottlenecks in an industry known for both, by creating:

Higher Productivity

- Instant Access to files
- Faster Storage of Files
- Multi-tasking by Staff

Effective Record Security

- Secure Centralized Storage
- Individual & Group Security
- Record Retention Compliance

Greater Employee Satisfaction

- Equipped to Respond to Requests
- Immediate Access to Records
- Prepared for Future Growth
